Dear Mr. Franke:

This refers to your letter of December 12, 1988, regarding a reference list (of chemicals) to be identified in your proposed monitoring well. Since you had stored solvents in the tanks, we would require that the priority pollutant volatile organics be identified and quantified. Langston Laboratory is familiar with that list.

Please notify us if we may be of further assistance to you.

Sincerely yours,

A handwritten signature in cursive script, reading "Marvin W. Glotzbach".
